on September 26, 2025!**

The Law School Partnership Project (LSPP) places fellows in a Gideon's Promise Partner Office and provides the fellow with 3 years of intense training and a support network with hundreds of other public defenders nationwide through the CORE 101 training program. LSPP guarantees fellows full-time, permanent employment within the selected partner office. You can visit our website to learn more about the LSPP program by [clicking here](#).

All applicants must be 3Ls, expecting to graduate at the end of spring semester 2026. If selected, the chosen fellows will begin working in their placement offices in the late summer or early fall of 2023, and they will begin their training in 2027. For additional details, please contact the Programs department at programs@gideonspromise.org.
